

- When a new item is added to the list anybody will get a notification contains the name of the item and sender.

- Home page can be like this

- Shopping list can be like left picture. Intensity of the blue color shows the urgency of the need for each items (I suppose we have 3 level of urgency). The grey color shows the item is bought.
- We can add new item to the list using the icon in the bottom left corner.

- By clicking on each item in the list we can see the details. Also something can be added to its description.
- Old items can be delete from the list using the recycle bin icon. By clicking on the recycle bin these  icons will appear, then by clicking on an icon that will be deleted.

The whole things mentioned are just idea, we should talk about that 😊  
Have a good day
